# Masters of Disguise & Display

Questions to answer while watching Wenatchee River Institute's "[Masters of Disguise & Display](https://youtu.be/pOrV3TykQdw)" at: <https://youtu.be/pOrV3TykQdw>

- 1 What is camouflage?
- 2 Why do plants and animals use camouflage?
- 3 What type of camouflage strategy do rattlesnakes use?
- 4 What type of camouflage strategy do moths use?
- 5 What type of camouflage strategy do snowshoe hares use?
- 6 Instead of using camouflage to disguise themselves, what else do animals use and why?
- 7 How do bright petals on a plant help plants survive?

8 Bonus: Design a bird to stand out in your local neighborhood on the back of this paper.

Next time you go outside, look for animals that are either masters of disguise or display. Play a game of camouflage with members of your household!
